The proposed 50mph speed limit would be in keeping with the recommendations made as part of the A and B road speed limit review. The 50mph speed limit would be close to the recorded average speed of 47 mph. A lower speed limit would be better suited to the hilly twisting nature of the road. The speed limit would extend from the existing 30mph speed limit in Southwell to the existing 30mph speed limit in Thurgarton.

The Written objections (stating grounds and quoting ref. 3266) must be received by me by the **9th day of October 2017**.
