Dear «sig1»

**A6006 MELTON ROAD - EAST LEAKE, REMPSTONE AND STANFORD ON SOAR  
PROPOSED 40MPH SPEED LIMIT (8318A) - PUBLIC CONSULTATION**

Via East Midlands Ltd, working on behalf of Nottinghamshire County Council, is proposing to introduce a 40mph speed limit on a section of the A6006 Melton Road that passes the Defence Medical Rehabilitation Centre between Rempstone Road and Leake Lane. The consultation for the speed limit was previously sent out during February 2021. The consultation process requires that the speed limit is brought into force within 2 years of the scheme being advertised but unfortunately the works to install the speed limit have not been completed within the 2 year period. Therefore the scheme is being re-advertised, there are no changes to the previous consultation.

The actual extends are from a point 60 metres west of its junction with Leake Lane to a point 229 metres west of its junction with Rempstone Road. The proposed speed limit would help reduce the speed of traffic on the A6006 through the junctions with Leake Lane, Loughborough Road, the entrance to Home Farm and the existing entrance to the Defence Medical Rehabilitation Centre. An additional new entrance is planned into the Centre and is expected to increase the number of vehicles turning off and onto the A6006. The speed limit on this length of road is currently 50mph and the lower traffic speeds will give more time for drivers to react to turning vehicles.

It is intended to enforce the new speed limit by the introduction of speed cameras, which will follow as part of a wider route treatment in due course

Before proceeding with this consultation, I wish to consider any further views of residents, businesses and organisations who may be interested in this matter. If your comments are in the form of an objection to the proposals and if they cannot be resolved, they will be reported through the County Council's procedures at the appropriate time.

Any observations on these proposals should reach me in writing, either by letter (address at bottom of letter) or email, by **19<sup>th</sup> April 2023**.

Yours «sig2»
