The proposed 50mph speed limit would be in keeping with the recommendations made as part of the A and B road speed limit review. A lower speed limit would be better suited to the hilly twisting sections of the road. The new speed limit would replace the existing National Speed Limit (60mph) between Ollerton and the start of the existing 50mph speed limit at South Muskham/Little Carlton.

The Written objections (stating grounds and quoting ref. 3277) must be received by me by the **16th day of July 2018**.
