Dear «Sig1»

**B6045 BETWEEN WORKSOP AND BLYTH IN THE DISTRICT OF BASSETLAW
PROPOSED 50MPH SPEED LIMIT
PUBLIC CONSULTATION – TRO 1276**

Via East Midlands Ltd, working on behalf of Nottinghamshire County Council, is proposing to introduce a 50mph speed limit on the B6045 between the existing 30mph speed limits in Worksop and Blyth (an approximate distance of 5.8Km or 3.6 miles). The 50mph speed limit would replace the existing National Speed Limit of 60mph.

The lower speed limit is being introduced as part of an accident reduction scheme. The lower traffic speeds will give drivers more time to react to other vehicles especially at the junctions where vehicles are turning. The new limit will help reduce the speed of traffic approaching the existing 30mph speed limits in Blyth and Worksop. The new speed limit would be signed with larger terminal signs at each end of the limit and at all the junctions off the B6045. There would be smaller repeater signs at regular intervals along the length of the B6045.

The location of the proposed new speed limit is shown on the attached plan and notice.

Before proceeding further with the proposed 50mph speed limit, I wish to consider the views of residents and organisations who may be interested in this matter. If your comments are in the form of an objection to the proposals and if they cannot be resolved, they will be reported through the County Council's procedures at the appropriate time. Any observations on these proposals should reach me by **26th September 2022**.

All comments/objections should be sent to either the e-mail address or postal address below.

Any details you provide may be shared with Nottinghamshire County Council as appropriate. If you'd like to find out more about how we use your data, please see our Privacy Notice: www.viaem.co.uk/privacy-notice-for-the-public/

Yours «Sig2»
