

**The Nottinghamshire County Council (Hardigate Road and Radcliffe Road, Cropwell Butler)(30 M.P.H. Speed Limit) Order 2022 (8344)**

**Statement of Reasons**

Via East Midlands Ltd, working on behalf of Nottinghamshire County Council, is proposing to introduce extensions to the existing 30mph speed limits on Hardigate Road and Radcliffe Road in Cropwell Butler. On Hardigate Road the speed limit would be extended to the position of the existing village name sign. On Radcliffe Road the speed limit would be extended by approximately 30 metres. In addition the existing village name sign would be moved from its current position to the new position of the 30mph signs.

The proposed speed limit extensions are being introduced to help reduce the speed of traffic entering the village. The works for the new speed limit would result in the speed limit signs and village name signs being placed at the same locations.
