Dear «Sig1»

**LOUND AND SUTTON CUM LOUND  
PROPOSED 7.5 TONNE ENVIRONMENTAL WEIGHT LIMIT  
PUBLIC CONSULTATION – TRO 1290**

Following on from the initial consultation, that was carried out in June 2023, the proposals are now being publicly advertised with notices in the Nottingham Post and on site. The proposals are unchanged from those contained in the initial consultation. Via East Midlands Ltd, working on behalf of Nottinghamshire County Council, is proposing to introduce a 7.5 tonne environmental weight limit to replace the existing 18 tonne weight limit. The weight limit is intended to stop heavy goods vehicles from driving through Lound and Sutton cum Lound but would still allow HGVs who need access within the villages.

The proposed new weight limit would be on the same roads as the existing 18 tonne weight limit, i.e. Station Road, Sutton Lane, Town Street, Mattersey Road and Lound Low Road in Sutton cum Lound and Lound Low Road, Town Street and Little Top Lane in Lound.

The location of the proposed new 7.5 Tonne weight limit is shown on the attached plan and notice.

Before proceeding further with the proposed change to the weight limit, I wish to consider the views of residents and organisations who may be interested in this matter. If your comments are in the form of an objection to the proposals and if they cannot be resolved, they will be reported through the County Council's procedures at the appropriate time. Any observations on these proposals should reach me by 20th September 2023.

Any details you provide may be shared with Nottinghamshire County Council as appropriate. If you'd like to find out more about how we use your data, please see our Privacy Notice: [www.viaem.co.uk/privacy-notice-for-the-public/](http://www.viaem.co.uk/privacy-notice-for-the-public/)

Yours «Sig2»
