Dear «sig1»

MAPPERLEY PLAINS – RELOCATION OF EXISTING BUS STOPS (GE0564 AND GE0565) – PUBLIC NOTIFICATION

Via East Midlands Ltd, working on behalf of Nottinghamshire County Council, is proposing to relocate 2 existing bus stops on Mapperley Plains (GE0564 & GE0565) as part the advanced works to construct the Gedling Access Road. The 2 stops are currently located between the junctions with Arnold Lane and Chartwell Grove. The 2 stops are to be moved in a north-easterly direction to new locations between Plains Farm Close and Orchard Park. The new stops are to have bus stop clearway markings and signs to prohibit stopping by all vehicles, except buses, at all times. The new stops will have raised bus stop kerbs to allow easier access onto and off the bus.

The clearway will help to ensure that the bus can pull up to the kerb to allow passengers to get on and off the bus. A correctly aligned bus will not block the road for other road users and will help ease congestion.

Before proceeding further, I wish to consider the views of residents, businesses and organisations who may be interested in this matter. If your comments are in the form of an objection to the proposals and if they cannot be resolved, they will be reported through the County Council's procedures at the appropriate time. Any observations on these proposals should reach me in writing, either by letter (address at bottom of letter) or email, by **30th August 2019**.

Yours «sig2»
