Dear «sig1»

REVISED PROPOSAL

**NORDEAN ROAD AND SOMERSBY ROAD, WOODTHORPE – NO WAITING AT ANY TIME
RESTRICTIONS (DOUBLE YELLOW LINES), PARKING BAY AND BUS STOP CLEARWAYS -
TRO 7206**

After consideration of the responses received during the consultation for the double yellow lines at the junction of Somersby Road and Nordean Road it has been decided to revise the previous proposal to give more opportunity for on-street parking.

The revised proposal includes reducing the length of the proposed double yellow lines, outside the shops, from 15 to 10 metres and the introduction of a 2-hour parking limitation to the existing unrestricted bay. The bay would be in operation on Monday to Saturday between 9am and 5pm only. This will provide a short-term parking facility during the day (except Sunday), when demand from customers to the shopping area is highest. The bay will be available for unlimited parking outside of these hours; ensuring that it can be used by residents of the area for overnight and Sunday parking. The bus stop clearways will remain as previously proposed. The revised proposals are as shown on the attached plan, reference H/JAB/2878/100.

As the proposal has been significantly revised we will be treating this as a new consultation; objections to the previous scheme will not be considered unless you contact us to request this.

Before proceeding further with the proposed revised restrictions, I wish to consider any further views of residents and organisations who may be interested in this matter. If your comments are in the form of an objection to the proposals and if they cannot be resolved, they will be reported through the County Council's procedures at the appropriate time. Any observations on these proposals should reach me by **18th February 2019**.

Yours «sig2»
