Dear «Sig1»

**A6011 RADCLIFFE ROAD, GAMSTON - PROPOSED 40MPH SPEED LIMIT
PUBLIC CONSULTATION – TRO 8316**

Via East Midlands Ltd, working on behalf of Nottinghamshire County Council, is proposing to introduce a 40mph speed limit on the A6011 Radcliffe Road between the A52 Gamston roundabout and the existing 40mph speed limit. The consultation for the speed limit was previously sent out during July/August 2021. The consultation process requires that the speed limit is brought into force within 2 years of the scheme being advertised but unfortunately this has not taken place. Therefore the scheme is being re-advertised, there are no changes to the previous consultation.

The proposed speed limit is part of a series of measures being introduced by National Highways as part of their scheme to improve safety, remove the risk of vehicle collisions and help reduce queuing and delays for drivers using the Gamston roundabout. The introduction of 40mph speed limits on the approaches to and on the roundabout will help improve safety for road users on the new signalised roundabout and also pedestrians and cyclists who will be using the new crossing facilities which have been constructed as part of the new scheme.

The proposals will be advertised and notices displayed on site. A plan showing the proposals (drawing number H/JAB/3628/01) is attached along with a copy of the site notice.

Before proceeding further with the proposed 40mph speed limit, I wish to consider the views of residents and organisations who may be interested in this matter. If your comments are in the form of an objection to the proposals and if they cannot be resolved, they will be reported through the County Council's procedures at the appropriate time. Any observations on these proposals should reach me by **20th December 2023**.

All comments/objections should be sent to either the e-mail address or postal address below.

Any details you provide may be shared with Nottinghamshire County Council as appropriate. If you'd like to find out more about how we use your data, please see our Privacy Notice:
