

**The Nottinghamshire County Council (Roads off Hurricane Road, Lovesey Avenue and Shepherd Street, Hucknall) (20 M.P.H. Speed Limit) Order 2021 (4262)**

**Statement of Reasons**

The new 20mph speed limit zone is being introduced to reflect the built up nature of the new housing development. The roads within the development have been designed for a 20mph speed limit with traffic calming and additional signs to ensure that traffic keeps to the speed limit. The new speed limit will have zone entry signs at all entry points into the development. Currently there are zone entry signs on Lovesey Avenue and Shepherd Street.
