

**The Nottinghamshire County Council (Rempstone Road, East Leake) (40 M.P.H. Speed  
Limit) Order 2022 (8301)**

**Statement of Reasons**

To the north-west of the Loughborough Road junction a 40mph speed limit has been introduced. The limit starts from near the junction and extends in a north-westerly direction to finish at the start of the existing 30mph speed limit. The new limit will reflect the changing nature of the road with the new housing development on Rempstone Road. The 40mph will reduce the speed of traffic approaching the 30mph speed limit.
