

The Nottinghamshire County Council (Shepherds Lane and B6014 Wild Hill, Teversal) (40mph Speed Limit) Order 2021 (4270)

Statement of Reasons

The existing speed limit 426m west and 366m east of the junction Shepherd's Lane on Wild Hill, Teversal and on Shepherds Lane, Teversal from its junction with Wild Hill to a point 44 metres north of that junction to 40mph has now changed to 40mph,

The 40mph speed limit will reduce the speed of traffic as they pass the residential properties and offer better protection to traffic turning in and out of driveways on this section of Wild Hill.

The locations of the new terminal signs are different from the locations advertised due to the location of underground services and existing vegetation.
