

**THE NOTTINGHAMSHIRE COUNTY COUNCIL (LILAC GROVE,
BEESTON) (7.5T ENVIRONMENTAL WEIGHT RESTRICTION)
TRAFFIC REGULATION ORDER 2020 (5262)**

Statement of Reasons

As part of the new shared use cycle/footway it is proposed to introduce a 7.5 Tonne Environmental Weight Limit along a section of Lilac Grove at Beeston, between its junction with Meadow Road and the start of the industrial estate approximately 54 metres north-east of its junction with Lilac Crescent / Maple Avenue.

The scheme will prevent the intrusion of Heavy Goods Vehicles (HGVs) which use Lilac Grove and will reduce the environmental nuisance caused by HGVs in the residential areas along the route and will make it safer for vulnerable road users

The proposals are shown on the attached (Drawing Number H/SLW/2765/04)
