Dear

HOLME PIERREPONT BYWAY OPEN TO ALL TRAFFIC NO 13 - PROPOSED PROHIBITION OF DRIVING (TRO 8346 A) – PUBLIC ADVERT

Following our previous consultation (8346 - Advert dated 31/08/22), it has been noted that Holme Pierrepont Byway No.13 is not designated as a restricted byway but as a byway open to all traffic. Additionally, it has been clarified that the reason for the implementation of the prohibition of driving is that National Highways have determined that it is unsafe for vehicular traffic to access the A52 from the byway, and as such, vehicular access along the byway should no longer be permitted.

In the interests of highway safety, the County Council therefore intends to make an order prohibiting the public from driving along the byway but will nevertheless preserve public access for walkers, horse riders and pedal-cyclists. To prevent vehicles accessing the A52 the byway would be closed with bollards at its junction with A52 Radcliffe Road and south of 'The Rectory' (as shown on the enclosed plan). This would physically prevent the route being used by motor vehicles and carriage drivers, whilst maintaining a through-route for pedestrians, cyclists, and equestrians.

The proposals will be re-advertised, and new notices displayed on site. A plan showing the proposals (drawing number H/SLW/4063/01) is attached along with a copy of the revised site notice.

Any observations on these proposals should reach me in writing, either by letter or email, by **30th December 2022**. If your comments are in the form of an objection to the proposals please clearly state this and the reasons for your objection. If the objection cannot be resolved, it will be reported and considered by the County Council through the County Council's procedures at the appropriate time. Any details you provide may be shared with Nottinghamshire County Council as appropriate. If you'd like to find out more about how we use your data, please see our Privacy Notice: www.viaem.co.uk/privacy-notice-for-the-public/
